THE PANEL

PANELIST Alberto M. Carvalho has served as Superintendent of Los Angeles Unified School District (LAUSD) since February 2022. Since then, he has led the development and implementation of the District's 2022-2026 Strategic Plan, as well as LAUSD's Education Transformation Office, Cultural Arts Passport, and Family Academy. Through his efforts, LAUSD has also strengthened relationships with local municipalities, made progress in greening schools, and secured upgraded credit ratings, generating millions in savings.

Prior to LAUSD, Carvalho led Miami-Dade County Public Schools (M-DCPS). During his 14-year tenure, M-DCPS became one of the nation's highest-performing urban school systems, winning the 2012 Broad Prize, earning systemwide accreditation from AdvancED, and receiving numerous accolades from the College Board and Magnet Schools of America. As a result of his transformational leadership, Carvalho has been recognized as Superintendent of the Year by AASA, the Council of the Great City Schools, and the National Association for Bilingual Education.

Carvalho has been appointed to several boards, committees, and task forces, including the National Assessment Governing Board and the National Academies of Science, Engineering, and Medicine. He currently serves on the Advisory Committee for the Harvard Program on Education Policy and Governance, the Homeland Security Academic Partnership Council, the Posse Foundation, and the Aspen Institute's Planet Media Task Force, among others.

This has been especially true during our response to the COVID-19 pandemic. Dr. Ghaly is a primary care pediatrician who continues to use his clinical and community experiences,

working in California's health care safety net system, to inform a whole person, whole community approach to integrating services so they are equity-anchored and person-centered for ALL, but especially the most vulnerable Californians. Dr. Ghaly holds the deep belief that together our collective efforts can not only serve Californians well today but set us on a path where ALL Californians have a brighter and healthier future. Nothing he does can be done well without the support of his wife, Dr. Christina Ghaly, and his four young children.

THE RALPH M. PARSONS FOUNDATION

The Ralph M. Parsons Foundation was established in 1961 by the founder of the Ralph M. Parsons Company, a renowned global firm specializing in engineering and construction. In 1976, the Foundation became fully independent from the company, in which it now has no financial interests. Today, the Foundation and Parsons Corporation are completely separate entities and share only Mr. Parsons' name.

The Foundation's grantmaking focuses on work within Los Angeles County, one of the most exciting, dynamic, complex, and quickly evolving environments in the country. The region's racial, ethnic, cultural and economic diversity presents extraordinary opportunities for nonprofits seeking to create healthy and vibrant communities and improve the lives of the people they serve.

The Parsons Foundation strives to support the work of the County's best nonprofit organizations, recognizing that communities thrive when all individuals are able to access the resources they need to feel safe, stable, and engaged. The majority of their grantmaking is for unrestricted general operating support because they recognize that organizations need flexibility in order to fulfill their missions and meet community needs. To strengthen the fabric of Los Angeles, they invest in highly effective civic and cultural, education, health, and human services organizations. The focus is on agencies providing direct services.

To The Foundation, success is measured by the achievements of the people their grantees serve. They are grateful to their nonprofit partners who work tirelessly to realize a positive vision for Los Angeles, and they celebrate the astounding accomplishments of these high-performing nonprofits through their grantmaking.

Want To Support a Charity?

First Consider Your Charitable Gifting Options

Americans usually give to charity for two main reasons: to support a cause or organization they care about or to leave a legacy through their support.

Some people are comfortable with their current gifting strategies. Others may want a more advanced strategy, which can sometimes maximize their gift and generate potential tax benefits. A knowledgeable financial team of a Wealth Manager, CPA, and Attorney can help you determine how these strategies work and which can best be used to help you accomplish your goals.
