

Compassionate
Care for Stronger
Families

AT A GLANCE

- Support for parents and caregivers from pregnancy through your child's early years (up to age 3).
- Personalized visits from trained Family Support Specialists to promote positive parenting and child development.
- Developmental screenings to track your child's growth and identify any potential delays.
- Help accessing immunizations and other critical health services for your child.
- Connection to community resources, including mental health services, housing support, and parenting tools.
- Flexible and family-centered support designed to meet your unique goals.

WAYFINDER'S EXPERTISE

- Our staff are highly-trained, compassionate and committed with a proven track record of working with families involved in child welfare to strengthen and stabilize family dynamics.
- Wayfinder brings decades of expertise in supporting children and families, with extensive experience in home visiting, child development, mental health, and child welfare services.
- Strong community partnerships with pediatricians, regional centers, and county agencies to connect families to needed resources.

EMPOWER YOUR FAMILY

- Gain confidence in nurturing a healthy and safe home environment.
- Access tailored resources and expert guidance to meet your family's needs.

A STRONG START FOR FAMILIES

**Families who receive
personalized support and
guidance are more likely to:**

- Build stronger parent-child relationships
- Foster healthy child development and milestones
- Create a safe and nurturing home environment
- Achieve long-term family stability
- Access essential community resources
