

Child Development Services

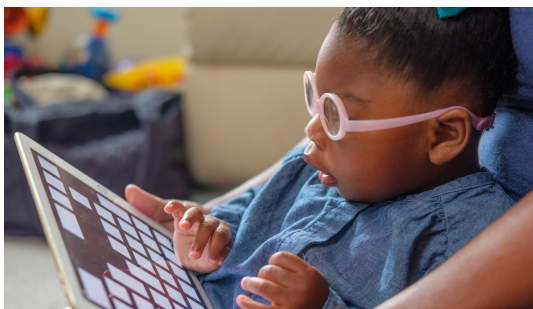

**Family-centered services for young children
who are blind, visually impaired and or multi-disabilities**

Wayfinder's Child Development Services program supports children from birth to age three with multiple disabilities and/or visual impairments across Northern, Central, and Southern California. We focus on providing individualized intervention and empowering families to become strong advocates for their child's education and care.

AT A GLANCE

- Vision services for children with visual impairments
- Infant development services for children with multiple disabilities
- We conduct the Functional Vision Assessment, OREGON Assessment, HAWAII (HELP) and/or DAYC-2 Assessment
- Parent education supporting parent/child relationships and family advocacy skills
- Opportunities for families to have child development specialists accompany them to medical visits
- Families have the opportunity to meet and to learn from one another
- Coordination with family's additional service providers to provide support
- Bilingual services in English/Spanish
- Certified specialists of VIISA2 and INSITE Models for Early Intervention for Infants and Toddlers with Vision Impairment and their Families

Our services extend to the following Regional Centers: Harbor, Central Valley, Inland, Kern, Frank D. Lanterman, North Bay, North Los Angeles, East Bay, San Gabriel/Pomona, South Central Los Angeles, Tri-Counties and Westside.
