At a glance:

The Nurtured Heart Approach® (NHA) is a relationship-focused methodology founded strategically in “The 3 Stands™” for helping children (and adults) build Inner Wealth™ and use their intensity in successful ways. It has become a powerful way of awakening the inherent greatness in all children while facilitating parenting and classroom success. The essence of NHA is a set of core methodologies originally developed for working with the most difficult children. It has a proven impact on every child, including those who are challenged behaviorally, socially and academically.

What will I learn in this class?

The core methodology of the Nurtured Heart Approach and how it compares to conventional methods of parenting.

The “Three Stands” of the Nurtured Heart Approach and how they can be used to promote connection, nurturing, and transformative behavioral change in children with intensity and behavioral challenges.

You will practice NHA Recognitions to create opportunities for children with intensity to connect with you, learn from first-hand experiences, and increase their Inner Wealth.
